At **Marble World**, we are more than a company; we are your trusted partners in the Turkish and other world's natural stone market. We are dedicated to maintaining the highest standards of honesty, integrity, and excellence. Whether you are an architect, designer, builder, or retailer, we promise to deliver the finest natural stones, tailored to your specific needs. Our close and direct contact with manufacturers allows us to offer a wide range of finishes, using the most advanced technologies available. Moreover, our strong network enables us to promote and present newly discovered stones and patterns, ensuring that our clients always have access to the latest and best that stone has to offer.

The Awakening

We were driven by the frustration of seeing our rich heritage and resources go unnoticed. We realized that to make a significant impact, we needed to combine our strengths. With our deep-rooted experience in the industry and our first-hand connections with quarry owners and manufacturers across Iran, we had the perfect foundation. Our unique position gave us the privilege of having direct access to the best natural stones and the latest discoveries, ensuring that our clients receive only the finest products.

Mona Mer Quarry – Karaman, Türkiye

Located in the beautiful region of çimenkuyu köyü Karaman, Turkey, the Mona Marble Quarry is renowned for its exceptional gray marble. This quarry produces high-quality gray marble that captivates architects, designers, and builders worldwide. The stone's unique blend of subtle gray tones and elegant veining makes it an ideal choice for both modern and classic interior and exterior applications.

The gray marble from Mona Marble is prized for its durability, smooth texture, and sophisticated appearance. It can be used in flooring, wall cladding, countertops, and decorative elements, adding a timeless and luxurious touch to any project.

Thanks to its strategic location in Karaman, the quarry benefits from easy access to transportation routes, enabling efficient delivery to international markets. Mona Marble Quarry stands as a testament to Turkey's rich natural resources and craftsmanship in stone extraction and processing.

Light Travertine Quarry – Karaman, Turkey

Situated in the taşkale Karaman, our light travertine quarry is a prime source of one of the most sought-after natural stones in the global market. Known for its soft beige tones and consistent texture.

Key Features of Our Light Travertine:

Elegant light beige color

Uniform surface with natural veining

Durable and versatile

Available in various finishes: honed, filled, brushed, tumbled, or polished

The extracted blocks are transported to our factory, where they are processed into slabs, tiles, and custom-cut pieces according to project specifications. Strict quality control is applied at every stage to guarantee consistency and excellence.

Located in the heart of Afyonkarahisar — one of Turkey's most renowned regions for natural stone — our state-of-the-art stone factory stands as a symbol of quality, innovation, and tradition in the natural stone industry.

Equipped with modern machinery and cutting-edge technology, our facility ensures high-precision processing and top-tier quality in every product. From raw block cutting to final polishing, we maintain the highest standards throughout the production process.

Our factory specializes in the production and supply of a wide variety of natural stones, including:

Marble, Travertine, Limestone, Onyx and etc.

Whether for large-scale construction projects or custom interior applications, we offer an extensive selection of colors, textures, and finishes to meet diverse design needs.

SHOW ROOM

We proudly welcome customers and partners to our spacious showroom, where a wide range of stone slabs, tiles, and decorative products are on display. It is the perfect space to explore the natural beauty of our materials and consult with our experienced team on your specific requirements.

Whether for large-scale construction projects or custom interior applications, we offer an extensive selection of colors, textures, and finishes to meet diverse design needs.

With a focus on customer satisfaction, sustainability, and excellence, our stone factory continues to be a trusted name in both domestic and international markets.

Visit us in Afyonkarahisar and discover the natural elegance of Turkish stone.

Slabs

Transform Your Space with Premium Natural Stone Slabs
The beauty of natural stone slabs lies in their ability to elevate the atmosphere of any interior space. At Marble World, we offer an exquisite selection of natural stone slabs, including marble, travertine, limestone, onyx, granite, and sandstone. These slabs bring luxury and sophistication to your interiors, enhancing the ambiance of kitchens, bathrooms, living areas, and more.

Our Services and Promises:

Quality Control: Our expert QC team monitors all the quality aspects of slabs, including thickness, processing quality, being crack-free, etc.

Variety of Surface Finishes: We provide a wide range of surface finishes, such as brushed, honed, cut broken, bush hammered, sand blasted, flamed, split face, chiselled, antiqued, grooved, tumbled, and features in natural stone.

Cut to Size: We can cut to your required size with a variety of edge finishes.

Book-Match Slabs: Perfect for creating a striking focal point in any room, book-matched slabs are often used for feature walls, backsplashes, and large countertops.

Four-Match Slabs: For even more dramatic impact, four-matched slabs extend the pattern further, ideal for expansive wall coverings and grand architectural designs.

Countertops: Enhance your kitchen with a functional and stylish countertop with a variety of edge finishes.

Tiles

Elevate Your Space with Natural Stone Tiles from Marble World
Imagine transforming your home or office with the timeless elegance of natural stone tiles. Whether you're revamping your kitchen or adding a touch of luxury to your bathroom, our natural stone tiles bring both beauty and durability to your space. Perfect for any design style, our tiles will elevate the ambiance and add lasting value to your project.

Versatile Shapes for Unique Designs

Our natural stone tiles come in a variety of shapes like square, rectangular, and modular formats. This versatility allows you to create stunning and unique patterns tailored to your specific design needs. The different shapes enhance the visual appeal of any room, making your space truly stand out.

Ideal for Indoor and Outdoor Spaces

Natural stone tiles are incredibly versatile and can be used in both indoor and outdoor settings. Here are some popular applications:

Indoor Uses:

Flooring: Perfect for kitchens, bathrooms, living rooms, and hallways, our tiles offer a durable and elegant surface.

Walls: Create beautiful feature walls that add texture and depth with various surface finishes to any room.

Patios: Design a stunning and durable outdoor living space with our tiles.

Landscapes: Elevate the building entrance and backyards with the capability of stone tiles.

Beyond slabs and tiles, our expertise extends to the production of high-quality decorative stone items that combine craftsmanship with the natural beauty of stone. Using premium materials such as marble, travertine, onyx, and etc., we create a wide range of custom and ready-made products designed to add elegance and character to any space.

Our product line includes:

Stone Wash Basins – Available in various shapes, sizes, and finishes for both modern and classic bathrooms

Statues & Sculptures – Hand-carved by skilled artisans or precisely shaped by CNC technology for artistic and architectural use

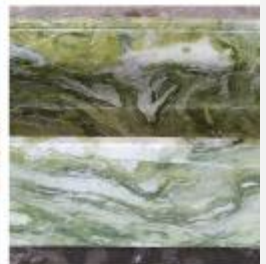

Stone Plates, Bowls & Trays – Perfect for luxury interior decor, dining settings, or hotel and spa environments

Custom Decorative Pieces – Including columns, fountains, fireplace surrounds, and more, tailored to your design and dimensions

Each piece is crafted with precision, attention to detail, and a deep respect for the natural material, making every item unique.

Bring your vision to life with custom-made stone décor, handcrafted in Türkiye.

Reliable Stone Block Supply Through Strong Industry Partnerships

In addition to sourcing from our own quarries, we proudly offer a wide selection of natural stone blocks from various reputable quarries across Türkiye and Iran. Thanks to our long-standing relationships and strong network within the natural stone industry, we are able to access and supply high-quality blocks in a wide range of colors, textures, and stone types.

Our trusted partnerships allow us to:

Secure priority access to premium blocks from leading quarries

Offer competitive pricing and flexible supply options

Meet large-scale and urgent project demands with ease

Provide a diverse selection beyond our own production, including rare and exclusive materials

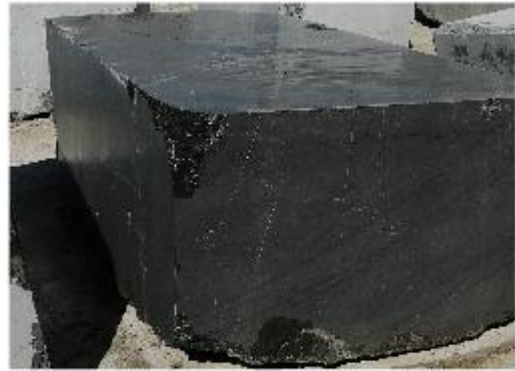

With our high supply capacity and logistical efficiency, we can handle continuous and bulk shipments of stone blocks for international distributors, factories, and construction companies. Whether you need marble, travertine, limestone, onyx, or other natural stones, we are ready to deliver consistent quality and volume

Architectural Department

Marble World architectural department was established in order to assist the customer to make the right decision for natural stone materials depend on projects properties.

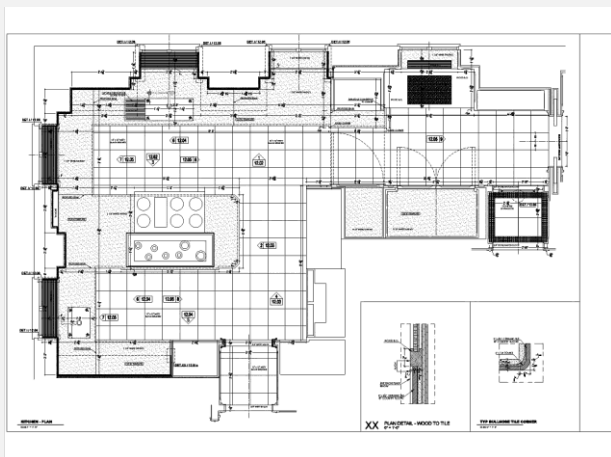

Services of this department are as following:

Design and architectural consulting

Design division is ready to propose interior & exterior design with stone materials based on different architectural styles in accordance with wide range of customers' needs.

As built drawing

As built survey team, by engaging the most advanced technology and device, prepare the precise cutting plans, according to the usage, installation point, deformities, arcs and etc.

Shop drawing

Technical division, based on as-built drawings, prepare the stone plates in accepted scales, cross checking dimensions, coding the cut parts based on installation plan(s). Subsequently, this process improves the quality of executive

operations and reduces waste materials.

Construction supervision

Supervision team, have complete control over the preparation and installation of the stone material(s) during the project implementation period, to ensure the best possible result, regardless of the complexity of the project.

Logistics

Navigating the logistics of natural stone can be a significant challenge. Ensuring that your valuable stone products safely reach their destination from the supply source is crucial. This process involves:

Expert Packaging: Properly packaging natural stone to prevent damage during transit.

Local Transport and Regulations: Understanding and navigating the local transport landscape and regulations in the Turkey market.

Safe Handling: Ensuring that heavy and delicate stone products are handled with care throughout the journey.

At Marble World, we assure you that we handle all these logistics challenges with our knowledgeable and experienced team.

Looking for Insights on Natural Stone Industry?

What We Offer

At Marble World, we provide comprehensive consulting services designed to address every aspect of the natural stone industry in Iran. Our aim is to equip you with the knowledge and insights needed to make informed decisions and thrive in this market.

Our Services Include:

Market Insights: In-depth analysis of market trends and opportunities.

Supplier Sourcing: Access to a network of reliable suppliers and manufacturers.

Regulatory Guidance: Expert advice on local regulations and compliance.

Technical Support: Latest technologies and best practices in quarrying and manufacturing.

Quality and Pricing: Detailed information on stone quality, pricing, and sourcing strategies.

Data Sheets and Specifications: Comprehensive technical data for various types of natural stone.

Corporate Social Responsibility (CSR)

At Marble World, we believe that our responsibility extends beyond providing high-quality natural stone products. Corporate Social Responsibility (CSR) is crucial to our operations and is integral to the future of our environment and society. We are committed to implementing sustainable practices and continually improving our impact on the environment and the communities we serve.

Our Environmental Initiatives

We work hard to maximize our efforts in various key areas to ensure we are being as eco-friendly as possible:

Waste Management

We recycle stone waste and by-products to reduce our environmental impact. By reusing excess materials, we ensure minimal waste ends up in landfills.

Energy Efficiency

We use energy-efficient machinery and explore renewable energy sources to lower our carbon footprint. Our investments in modern technology help us achieve greater energy efficiency and reduce greenhouse gas emissions.

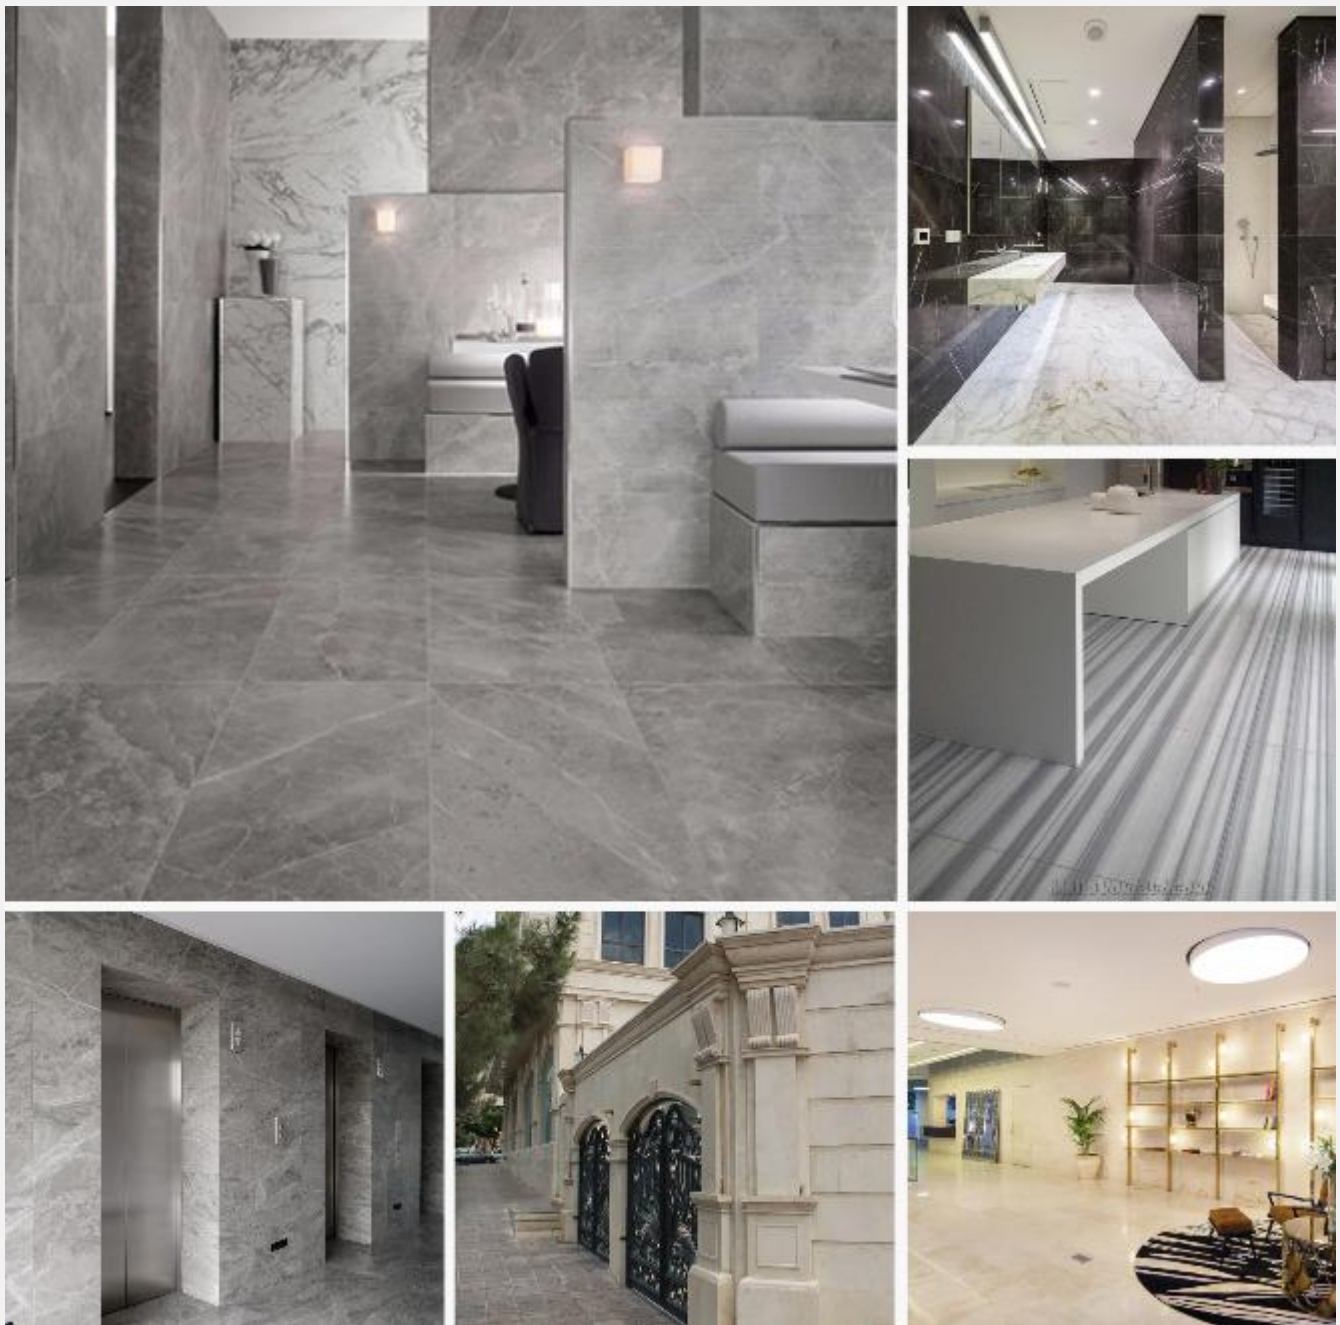

Water Conservation

We have implemented water recycling systems in our manufacturing process to significantly reduce water usage. By recycling over 95% of the water used, we ensure responsible water management and minimize our environmental impact.
